

Cable United Church of Christ is first and foremost a warm and caring community. The people here truly love and care for one another. Our focus is on living out the words and actions of Christ by "being the church" in our community and to the ends of the earth. As a progressive congregation, we take very seriously Christ's command to love God with all our being and to love our neighbor as ourselves, to forgive as we have been forgiven, and to refrain from judging others. We are a church of "Extravagant Welcome" inviting all people no matter what their background to join us on this journey of faith. We have an accessible theology which is focused on the love of God for all people and creation, issues of justice and peace, and providing opportunities to serve as Christ served both within and beyond our doors.

Our worship style is traditional but informal. We laugh together often in worship and sometimes we share a tear. We clap when we appreciate a wonderful piece of music. Each week we greet one another with the peace and love of Christ, share our joys and concerns and have them lifted in prayer, and the children are invited forward for a Bible lesson. We sing some "good old hymns" along with some that are new, our choir sings a wide range of music, and once a month we have special music. We end each service by joining our voices, singing: *Let There Be Peace on Earth*.
